

# DARN TOOTIN

 **VTO AVAILABLE**

## PHILOSOPHY

Make some noise with this updated take on a sexy nerd frame. You'll look darn tootin' good in this style. The modern milled metal construction and custom colors with a suede sheen finish shows the attention to detail using modern techniques. We can't decide which color we love more, the Forrest suede, the brown suede or the navy suede. If you really want to radiate originality, try on the chrome color. Isn't it fun wearing your favorite OGI frame.
