NEW STYLES

CROSSTOWN

 VTO AVAILABLE

PHILOSOPHY

A new and innovative twist on a metal frame contains exquisite details that evoke fashion and exude personality. The hand painted detail at the top of the eye rim commands a second look when a fan of yours notices the attention to detail on your favorite frame. The unique square shape is an exploration and adds animation. This style is taken to the next level with the added element of a clip.

FER CUTE

 VTO AVAILABLE

PHILOSOPHY

This frame takes you on a dreamy adventure. From the romantic gestures on the curves that highlight the sheer material behind to the unexpected inverted curvature in the top metal bar, this beauty is truly 'Fer Cute'. The movement leads you through the cute curves and emotions, invoking catty romanticism with a sinuous balance of playful, adventurous energy. With a grown-up play on the word cute, this frame evokes curiosity, playfulness, and adventure without being too sweet.

HOLY BUCKETS

 VTO AVAILABLE

PHILOSOPHY

Just like the name, these frames elicit euphemism in a playful, forbidden way. Sassy and sophisticated while still incorporating a playful pop through the bi-layered colored rims. The hand-polished temple is artistically crafted for maximum comfort and is balanced by a robust and steady metal catty frame. The sinuous, graceful movement evokes elegant charm as well as playful beauty.

OH FOR CUTE

 VTO AVAILABLE

PHILOSOPHY

This glam glass takes a shape that's uplifting and balanced, and then the carve away provides a certain dissonance and agitation to create a more euphonious design. The hand-laminated mixes that incorporate color blocking on the side for a complimentary twist that adds layers and textures. There is a definite artistic mastery of color between the lamination and colors.

SWIMSUIT WINTER

 VTO AVAILABLE

PHILOSOPHY

Beautifully sparkling, bitinglly keen, the frosted crystal and ice coloration ebbs and flows with a warm and fuzzy zone that presents a juxtaposition. The color articulates the varying geography and planes, bringing a new dimension to the frames and the wearer's face. Imagine the feelings of anticipation and exploration you feel before jumping into a lake in the middle of winter. These icy opticals embody those feelings of boldness and daring.

UP NORTH

 VTO AVAILABLE

PHILOSOPHY

The hand-painted element of this style gives a little signature to the brow. The artistry in the highs and lows of the lines creates surface movement, which gives off a light, gestural feel. Cleverly named, the Up North refers to where all the action happens on these frames alongside the brow.
